OF
FORT WAYNE AND ALLEN COUNTY, IND.

C O M M E N T S

These early obituary records have been copied as published in the Fort Wayne, Indiana newspapers. No corrections have been made. They cover the Allen County area and a surrounding region of approximately fifty miles. There are some death notices from great distances, often those of former local residents. Some duplications will be found, due to different newspaper presentations, several newspapers having been printed in the same period. Street addresses are given for Fort Wayne residents only.
